WEDNESDAY

7:00pm **The Hot Hand Challenge:** Step up! You can be your team's Hero tonight!
This league was created in opposition to the weakest link theory;
In this league your team is as strong as the current game's strongest player.

Each team will consist of four bowlers. All four will bowl against the opposing team, but it is the highest individual handicap score of the game that earns the point for their team, each game. High team series wins two points. An 85% handicapping will be used. Four quarter winners will advance to a pro-style play-off. Besides team cash prizes, points earned by individuals will be tabulated, and one dollar proshop credit per point earned goes to individuals. The top point winning bowler will receive their bowling ball of choice, set up and drilled in Foxfire Lanes Pro Shop. Don't be afraid of the unusual format: It is the normal house shot, and handicapped 85% for a variety of skill levels.
